CLIMBING

Essential Climbing's carefully crafted selection of brands fulfills the needs of the modern climbing gym with high quality holds, fiberglass and wood volumes. eXpression, Squadra, Vezi, Axis, Lapis and Kumiki's shapes offer innovation and a vision for the future of climbing. Our team is comprised of top-level setters and shapers with decades of experience.

p.8

p.32

p.58

p.65

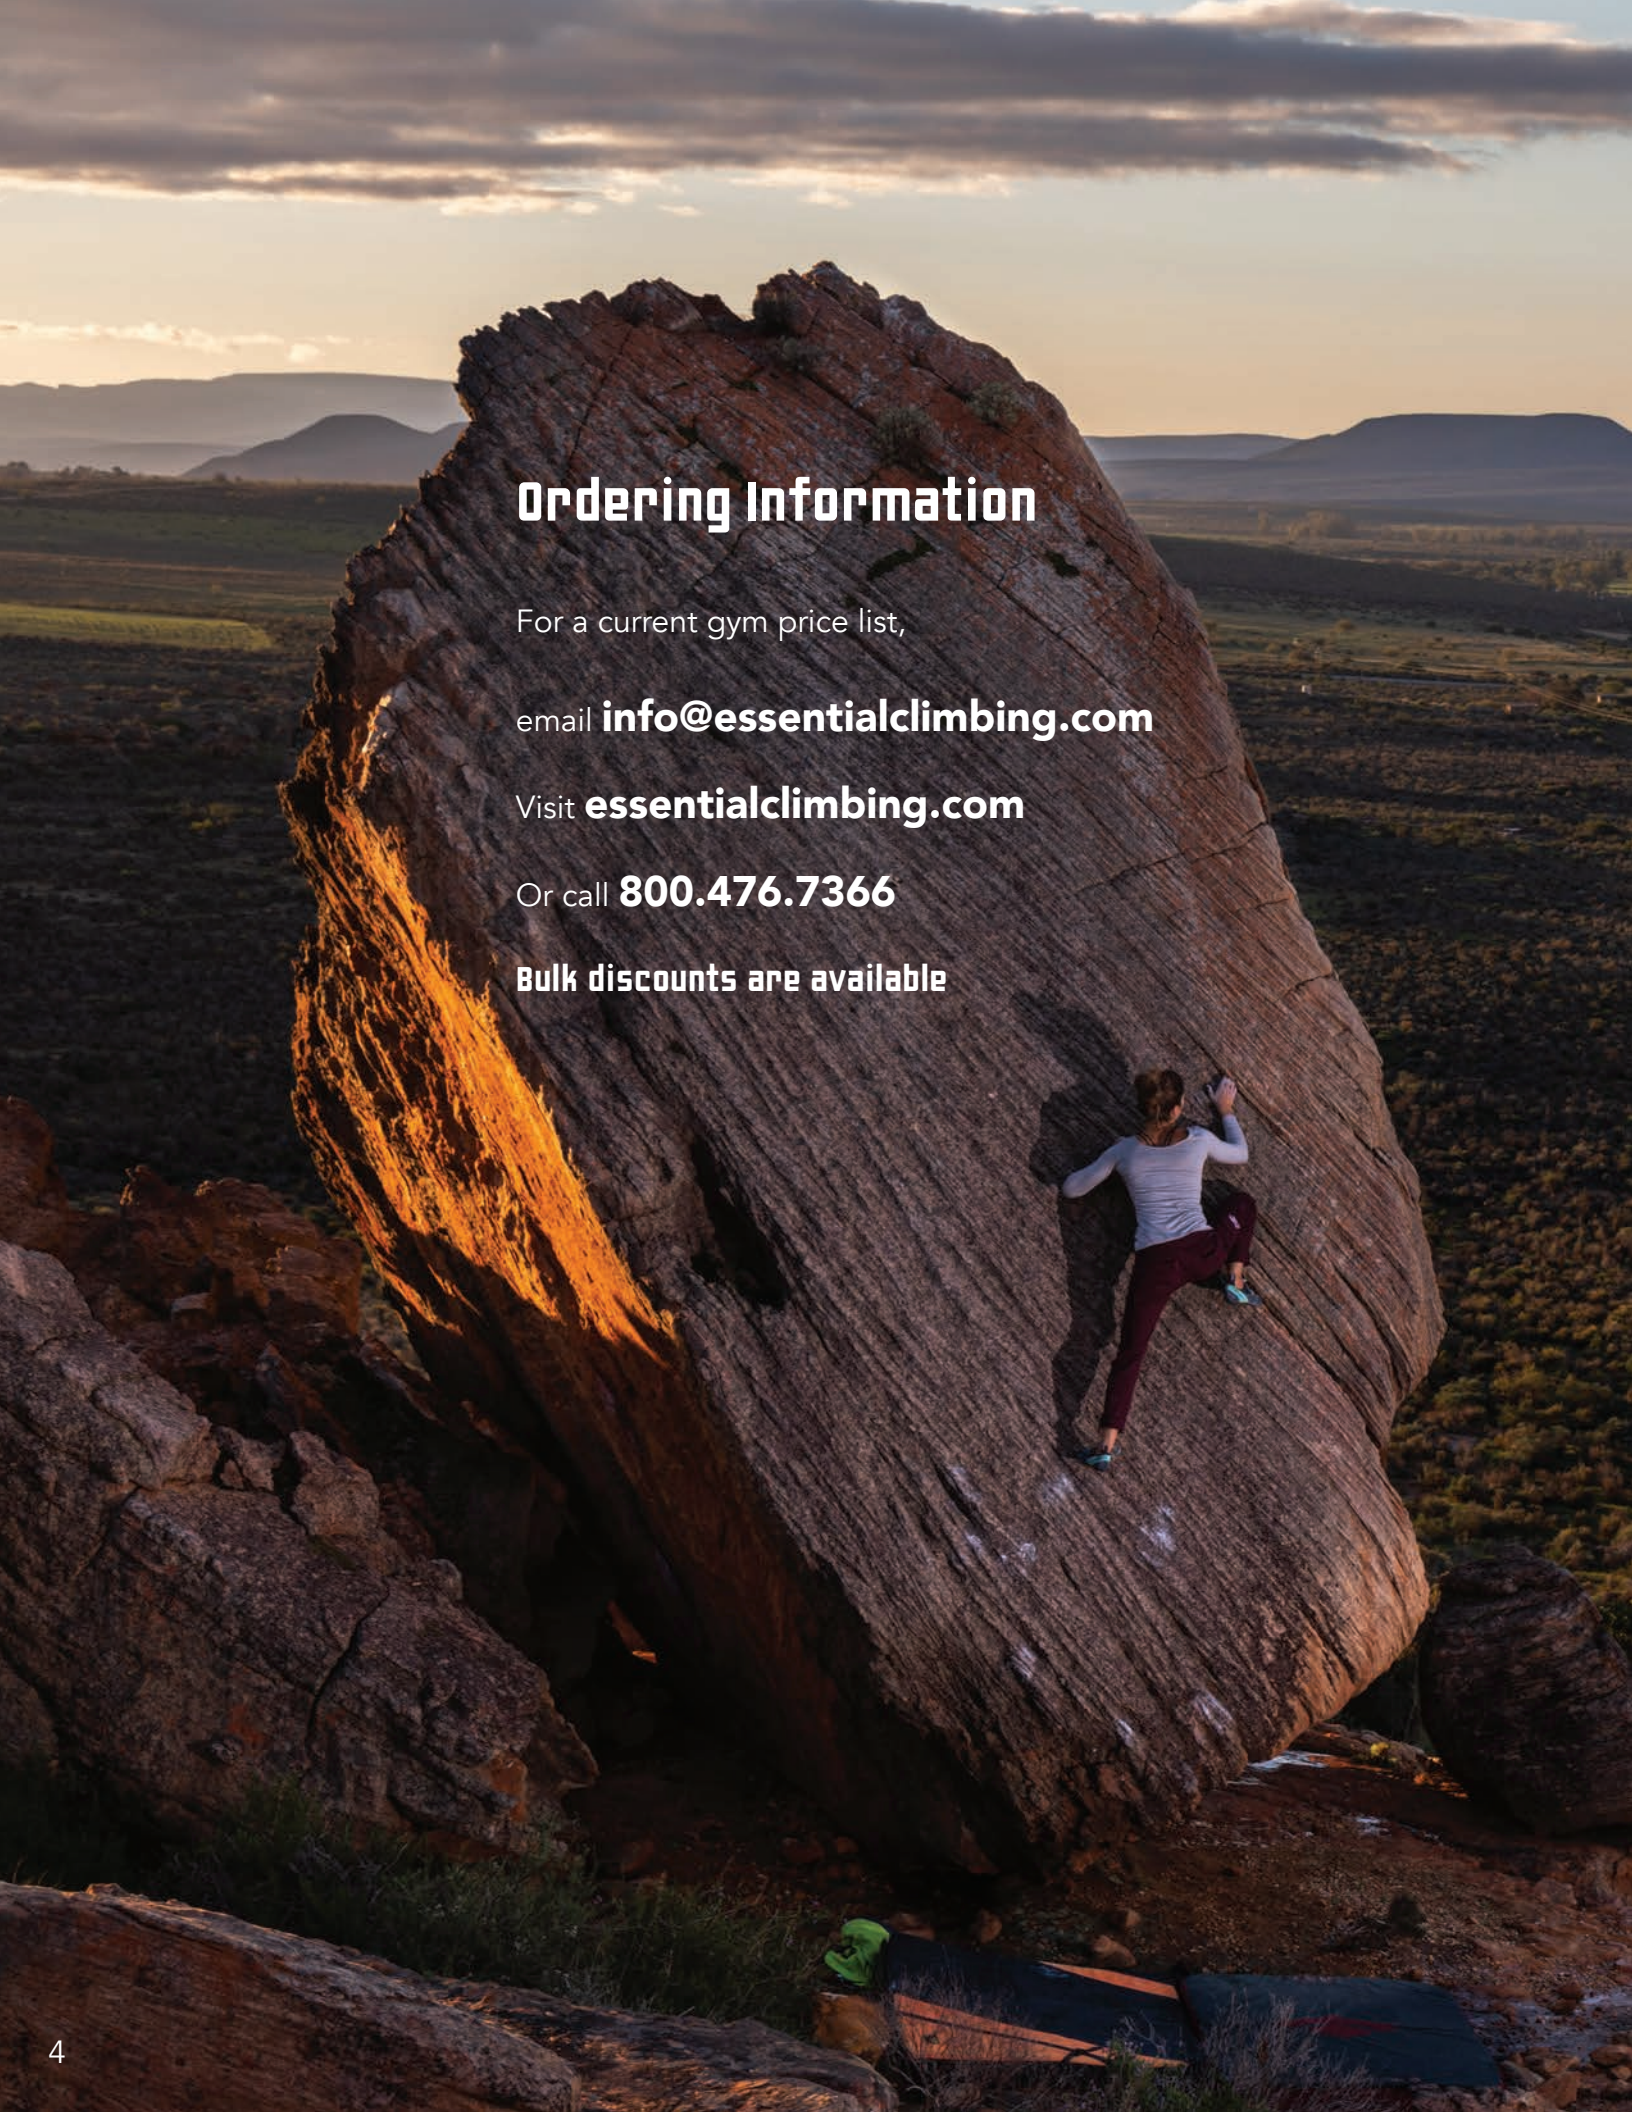

p.72

p.82

A person is climbing a large, dark, textured rock formation. The rock is illuminated by warm, golden light from the setting or rising sun, creating a strong contrast with the darker areas. The climber is wearing a light-colored long-sleeved shirt and dark pants. The background shows a vast, open landscape with rolling hills and a cloudy sky at dusk or dawn.

EverActive[®] Adjustable Climbing Wall

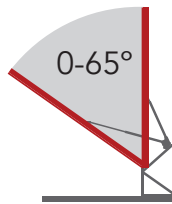

EVERACTIVE® WALL

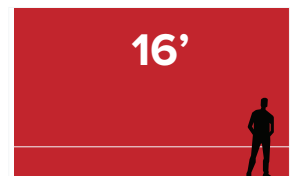

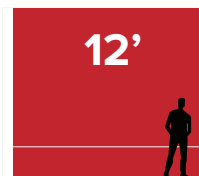

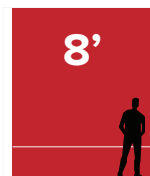

(US Patent 10,918,925)

The EverActive Adjustable Climbing Wall allows climbers to easily adjust angles to meet their training needs at the touch of a button. The patented EverActive Wall is the most affordable adjustable wall on the market and is compatible with Kilter, Tension, Grasshopper and Moon training board systems.

FEATURES

0-65 degree adjustability

Three widths available.
12' high above the kicker.

Electric linear
actuator controlled

Angle readout

Works with major
training board systems

OPTIONS

MOUNTING METHODS

Floor-mount
(Fastened into concrete floor)

12" Riser Added
(Available for floor-mount or
freestanding options)

Freestanding
(Mounted to beams if concrete
mounting is not an option)
